

RYAN KEMBREY

Mechanical Engineering Student
University of Technology Sydney

PROFILE

Hej! I am a 3rd year mechanical engineering student and am eager to bring my abilities to the Internship Programme in Spring 2025 at Volvo. I have spent much of the past year living in Sweden whilst studying from abroad and have developed an appreciation for the Swedish way of living. I would be absolutely thrilled to give back to Sweden and contribute to the future of sustainable mobility by leveraging my passion for engineering at Volvo.

EDUCATION

Mechanical Engineering University of Technology Sydney

Feb 2022 - Nov 2026

- I am currently a third year student studying a Bachelor of Engineering (Honours) with a Diploma in Professional Practice, Majoring in Mechanical Engineering.
